Indianapolis, IN. August 24, 2010 -- *Inc.* magazine ranked Innovative Integration, Inc. NO. 957 on its fourth annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy—America's independent-minded entrepreneurs. Music website Pandora, convenience store chain 7-Eleven, Brooklyn Brewery, and Radio Flyer, maker of the iconic children's red wagon, are among the prominent brands featured on this year's list.

"The leaders of the companies on this year's Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression," said Inc. president Bob LaPointe. "The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs."

The 2010 Inc. 500|5000 is ranked according to percentage revenue growth when comparing 2006 to 2009. To qualify, companies must have been founded and generating revenue by June 30, 2006. Additionally, they had to be based in the United States, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2009.

Innovative Integration, Inc. is being recognized as a leader in IT Services and was ranked #93rd fastest growing company in America, in this industry. Business Products & Services and IT Services came in as the top two categories in this year's list, demonstrating that organizations increasingly rely on outside service providers.

"We are truly honored to be named as a member of the Inc. 5000. To experience this level of growth, during these economic times, is a testament to the dedication and hard work of our entire staff and the tremendous partnerships that we have with our clients," said Cliff Sweazey, Co-Founder of Innovative Integration, Inc.

"For more than 30 years, Inc.'s list has served as evidence of the significant accomplishments of enterprises such as Innovative Integration, Inc. More than ever, this year's list is a testament to the creativity, resilience, and tenacity of America's top entrepreneurs," states Jane Berentson, Editor of Inc. magazine.
